

Policy: Course Load Policy

Number: 01.00.04

Approval Date: Not Available

Revision Dates:

Section: Academic Affairs

Area:

Subject: Course Load

POLICY

The maximum load is 20 semester credits for the fall or spring semester, and a total of sixteen (16) SC for the summer sessions. To take a course load exceeding the maximum, approval by the department chairman is required. Students may enroll for classes on other campuses in the University of Arkansas system as a part of their normal course load, but such concurrent enrollment must be approved by the appropriate CHP department chairman prior to registration.

Students receiving financial aid through student loans, grants, scholarships, or Department of Veterans Affairs benefits are required to maintain specified course loads to continue eligibility for aid.

APPROVAL

Information about the original approval of this policy is not available.
