

Policy: Repeating a Course

Number: 01.00.14

Approval Date: Not Available

Revision Dates:

Section: Academic Affairs

Area:

Subject: Repeating a Course

POLICY

When a course is repeated, the grade earned in the repeated course is used to assess the student's fulfillment of the academic plan. Though all enrollments, original and repeated, will be shown on the student's transcript, only the grade in the repeated course (even if it is lower than the first) will be used to calculate the cumulative grade point average course in the college.

APPROVAL

Information about the original approval of this policy is not available.
