

College of Health Professions Executive Committee – Meeting Record

DATE	September 15, 2016	FACILITATOR	Douglas Murphy	LOCATION	Winters Conference Room, Administration West Building
TIME	8:30-9:30 am	RECORDER	Deborah Taylor	GUESTS	Julie Moretz Charlotte Gass, Angela Wilson

ATTENDEES (✓ INDICATES ATTENDANCE)

✓	Amy Amlani	✓	Lori Williamson Dean	✓	Suzanne Hansen	✓	Susan Long	✓	Mark Wallenmeyer
✓	Tony Baker	✓	Mitzi Efur	✓	Karen Hunter	✓	Douglas Murphy	✓	Edward Williams
✓	Danny Bercher	✓	Phyllis Fields		John Jefferson	✓	Cindy Saylor	✓	Bill Woodell
✓	Erna Boone	✓	Reza Hakkak		Tom Jones	✓	Kathy Trawick		

AGENDA

MEETING RECORD

Time	Item	Presenter	Main Points / Discussion
8:30	I. Announcements	Varies	<ol style="list-style-type: none"> 1. Department annual reports due October 1; "blanks" will be sent by September 12 2. Reminder: Political activity – It is unlawful for employees to use university facilities, equipment, or services for political purposes, and employees may not identify themselves as UAMS employees when participating in political activities. 3. The dean's office will conduct a survey of our alumni in 2016-2017 to assess attitudes and perceptions of their student experience. Departments may be asked to assist with updating contact information (email, address, etc.). More information will be forthcoming. 4. The new Policy and Procedures page is found at: http://healthprofessions.uams.edu/faculty-and-staff/policies-and-procedures-guide/ 5. Alumni Weekend 2017 features departments: Genetic Counseling, Health Information Management, and Radiologic Imaging Sciences
8:35	II. PFCC Efforts and Benefit for Programs and Students	Julie Moretz	The PFCC office would like to partner with CHP to have patient advisors for our programs. They would take part in the student selection process and interview. This would provide a diversity of perspectives that can improve the interview process. The programs would participate in the selection of their patient advisor. The programs will track the advisor hours and send that information to Julie's office. Chairs were asked to send Douglas and Susan feedback for qualities their patient advisors should have.
8:45	III. Degree Plans and Transfer Credits	Charlotte Gass Angela Wilson	Charlotte and Angela went through the transfer credit approval form which is now modified for exceptions only (the UAMS Transfer Credit – Pseudo Courses list is attached). They also discussed degree plans and degree audits. The degree audit now replaces the degree form. Students will be able to log in and see their degree audit at any time, so the onus is on them to start the process if their audit is missing credits. Departments need to make sure they have an academic adviser for each of their students. Angela will contact and meet with each program director to review their degree audit templates as she finishes them. Our recruiter will meet with our feeder institutions to make sure they have all prerequisite information and the advisors manual.
	IV. Degree Time Limit Policy Draft	Douglas Murphy	Will discuss in next meeting
9:30	Adjourn		

ACTION PLAN

Action Item	Owner	Target Date
Promotion and Tenure Guidelines – Incorporate suggestions into revised guidelines for additional review by the P&T Committee, EC, information sessions for faculty, and final vote by the end of the fall semester	Douglas Murphy	
Introduction of the OSPAN (Office of Sponsored Programs Administrative Network) Team 1	Renee Rains	After July 1
Collect information on CHP's diverse and unique needs for the new UAMS Faculty Service Center	Jan Shorey	TBD
CHP Alumni Survey	Douglas Murphy	May, 2017

Policy Rationale and Background

Students admitted to College of Health Professions programs must complete certificate and degree requirements in a timely manner to assure that they are competent according to contemporary standards of scientific knowledge and clinical practice. The purpose of this policy is to establish time limits for degree plans and procedures for extending time limits in extenuating circumstances.

Scope

This policy applies to students enrolled in any full-time and part-time certificate and degree program offered by the College of Health Professions.

Policy

Degree Time Limit – Students admitted to College of Health Professions' certificate and degree programs must complete the program within two (2) years beyond the published time to degree for the programs. The time limit includes time spent on an approved leave of absence, on suspension imposed by the faculty, or time not actively enrolled in courses.

Time Limit Extension – Students may apply for one one-year extension of the degree time limit in extenuating circumstances by submitting a Degree Time Limit Extension Form to the director of the student's certificate or degree program. The director will review the request and submit a recommendation to the associate dean for academic affairs who will decide whether to grant the extension and, if an extension is granted, whether conditions may apply. The associate dean for academic affairs will notify the student and the program director of the decision. A time limit extension expires one year from the date of the original time limit. No additional extensions will be granted.

Notification and Failure to Complete Degree Requirements – Students approaching the certificate or degree time limit will be notified by the Office of the Dean at least one year in advance of the limit that they must complete certificate or degree by the date of the time limit expiration. A copy of the notification will be sent to the program director.

Students who do not complete program requirements within the time limit or are not granted an extension will be administratively withdrawn from the program. They may re-apply for admission to the program and, if re-admitted, will adhere to the current degree plan and time limit that applies to the plan.

Effective Date

This policy will take effect on July 1, 2017.

Approval

This policy was approved by the College of Health Professions Executive Committee on [DATE].
