

Department of Physical Therapy

Jennifer Vincenzo, faculty in the Department of Physical Therapy, recently published a first author paper and presentation “**Capitalizing on Virtual Delivery of Community Programs to Support Health and Well-Being of Older Adults**” on behalf of the American Physical Therapy Association-Geriatrics/National Council on Aging Task Force. Her paper is open access on the Physical Therapy Journal <https://academic.oup.com/ptj/advance-article/doi/10.1093/ptj/pzab001/6081954>, and her platform presentation was presented at the Combined Sections Meeting of the American Physical Therapy Association.

The Virtual Evolution of Programs Older Adults’ Engagement in Physical Activity during the Pandemic

How Community Programs are Adapting to Keep Older Adults Active and Healthy at Home

APTA-Geriatrics/National Council on Aging Task Force

Christopher Walter, faculty in the Department of Physical Therapy, recently published a paper “**Descriptions of Variation in Age of Onset of Functional Limitations of Native Hawaiian and Pacific Islanders Compared to Other Racial and Ethnic Groups**” in the open access (<https://www.mdpi.com/1660-4601/18/5/2445/pdf>) International Journal of Environmental Research and Public Health. His article was also presented as a platform presentation at the Combined Sections Meeting of the American Physical Therapy Association.

Racial and Ethnic Variation in Age of Onset of Functional Limitations

Christopher S. Walter, PT, DPT, PhD,
Marie-Rachelle Narcisse, PhD,
Jennifer L. Vincenzo, PT, MPH, PhD,
Pearl A. McElfish, PhD, MBA,
Holly C. Felix, PhD, MPA

0:00 / 13:13

The screenshot shows a video player interface. On the left, there is a graphic of overlapping triangles in shades of red and grey. On the right, the title and author list are displayed. At the bottom left, a play button and the video duration '0:00 / 13:13' are visible. At the bottom right, there is a small inset video of a man speaking.
